

BHS Replacement Passport Application Form

This form is to be used to apply for an ID only passport for an equine of unverified breeding whereby you suspect or know that the equine has been previously passported and/or the horse is microchipped, but you have been unable to locate which Passport Issuing Organisation issued the original passport. Please complete the details below using block capitals. If your equine is eligible for studbook registration please apply to the relevant breed society or telephone the BHS for contact details. Please Note: Applications MUST be accompanied by an original identification chart (overleaf), which must be completed by a Veterinary Surgeon. PHOTOCOPIES ARE NOT ACCEPTABLE. BOTH SIDES OF THE FORM MUST BE FULLY COMPLETED IN BLOCK CAPITALS. BHS replacement passports cost £25 each (or £10 each for equine charities). The passport will be stamped as a replacement.

Animal Name:..... Type: Horse/Pony/Donkey/Mule
(Please delete as appropriate)

Sex: Male/Female Colour: Date/Year of Birth (believed to be):
(Please delete as appropriate)

Approx Adult Height: hh/cms/inches Animal's Country of Birth (if known):

Name of Owner/s:

Address:

..... Postcode:

Date of Birth: Please note it is mandatory to provide your D O B as it is a unique form of identification.

Tel No: Email:

I certify that I have completed the above application form to the best of my knowledge and the details I have given are accurate in all respects. I confirm that I have read and understood the instructions for identifiers and that the markings overleaf relate to the animal described on the above application form.

Signature of Owner/s:..... Date:

The British Horse Society is registered under the Data Protection Act (1998). Please tick here if you are happy to receive occasional emails from the BHS about its work. For further information on how horse passport data is used please go to www.bhs.org.uk

(Please tick as applicable)

I would like my documents returned by **Second Class Recorded Delivery (Signed For™)**. Please note that there is an additional charge of £3.00 per passport for this service. If you do not require this service all documents will be returned by Second Class post. The British Horse Society will not accept any responsibility for loss or damage of documents in the post. Fast Track applications cost an additional £25 and will be processed within one working day. Fast Track applications are payable by card only.

I would like to fast Track my application for an additional £25. I understand that the Fast Track service can only be guaranteed for correctly completed applications.

PLEASE NOTE: Any prefix or suffix within the name of the equine should only be used by the breeder of the animal concerned. If you intend to use either, it must be, or have been registered with the Central Prefix Register (Tel: 01747 850235). The fact that a colt may be issued with a passport does not constitute a Stallion Registration or Licence. On being made aware of ownership dispute, the BHS declines to make any amendments to its records until the dispute has been resolved by all parties concerned.

IDENTIFICATION PROCEDURE – important information for completing the form

The recommended procedure for identification is described in the FEI booklet 'Identification of Horses'. The diagram and written description must agree and be sufficiently detailed (**at least five identifying marks such as whorls or white markings**) to ensure the positive identification of the animal in the future. White markings must be shown in **RED** and the written description completed using **BLACK INK** in **BLOCK CAPITALS** or **TYPESCRIPT**. If there are no white markings, this fact must be stated in the written description. All head and neck whorls should be marked ('X') and described in detail. Other whorls should be similarly recorded in greys and in animals lacking sufficient other distinguishing marks. Acquired marks ('V') and other distinguishing marks, such as prophet's thumb mark ('+') , walleye and so on, should always be noted. The Veterinary Surgeon must indicate the location of the microchip on the silhouette with a (M) symbol.
